

## **Environmental Compliance Professional**

### **Fort Carson, CO**

#### **Responsibilities:**

- Environmental Compliance Professional will be responsible for providing internal environmental compliance training and site assistance visits (SAVs) at Fort Carson/Piñon Canyon Maneuver Site to include (FC/PCMS) facilities, units and directorate activities.
- Perform scientific analysis/review of sampling, monitoring, and field work plans. These activities include military motor pools, maintenance depots, aircraft repair operations, and other industrial/commercial type of activities. The SAVs covers all environmental regulatory program areas related to RCRA, Air Quality, Tanks, Pollution Prevention, Storm water, and solvent reuse activities.
- The scientific review tasks involve reviewing data from field sampling activities, consulting on best management plans (BMPs) to mitigate or prevent contamination at military operational sites and conducting waste profile analysis.

#### **Requirements:**

- Four year degree in Environmental Science or other related field from an accredited university
- Junior level requires 0-5 years of experience
- Mid-level requires 5-10 years of experience
- Senior level requires 10 + years of experience
- All levels require knowledge of federal, state and local laws and regulations pertaining to environmental compliance.
- Experience working on federal government projects or military projects a plus
